PROFESSIONAL SUMMARY

Analytical and detail-oriented aspiring Full Stack Web Developer. Capable of writing production-ready code using React JS, Redux, and CSS on the front-end, Node JS and Express on the back-end to build single page applications. Passionate about coding and strongly interested in working in a product based company.

PROJECT WORK

Travel-website-clone

A demo travel website to explore various destinations in the world.

Features:

- Destination searching functionality
- Select time and location to check availability
- Destination details slider on top
- Collapsing nature buttons which have hidden content

Tech-stack:
HTML | CSS | JavaScript | GitHub

Areas of responsibility:

- Developed 'About Us' section of the website
- Added collapsing nature buttons
- Made slider to show different locations

A collaborative project built by a team of 4 executives in 6 days.
